My Dear Madam:

TO ALL WHOM THESE PRESENT SHALL COME, GREETING:

THE NEGRO MAJOR AMERICAN AND NATIONAL LEAGUE BASEBALL TEAMS INC.
Is the only Negro baseball corporation in the United States.

You have seen some of your players taken from your clubs, just the signing of a contract. The above organization have the power legally to protect, you club owners from such act or acts, and stop the same. You should realize by now, or know the set up you are affilliated with, is no league or a baseball corporation, and cannot complain by law, for you have no rights in the law of incorporation.

Just as soon as we have our final meeting with the Commissioner (Happy) A. B. Chandler of baseball in January your investment is lost for ever. Affilliate with the above baseball corporation and do business, or stay out and die, for as major league baseball is concern.

If you get in touch with our office, by so doing, we will know you want to stay in baseball business. For your own sake we will appreciate your reply.

With good wishes, we remain yours

The Negro Major League Baseball Teams Inc.
